Antares 9

Twin Mercury 250s

The 2025 BENETEAU Antares 9 OB V1 is a standout in the Antares line, designed for comfort, performance, and versatility in both coastal cruising and family outings. Powered by twin Mercury 200XL + CXL FourStroke White engines, this Antares 9 blends power and elegance with a modern Pearl/Steel Gray hull and refined Elegance upholstery in Silvertex Ice.

Inside, upgrades include a bed conversion in the saloon, overhead lockers in the forward cabin, and an electric toilet. Natural light floods the salon and cabins, with LED courtesy lighting enhancing the ambiance at night.

The cockpit and saloon are made for socializing, with the Cockpit Saloon in Elegance upholstery and front sunlounge mattresses maximizing outdoor comfort. Premium electronics, Garmin VHF radio, Electronic Upgrade Package, and Trim Level Comfort Package, ensure ease of navigation.

Performance features like Auto Glide Trim Tabs, bow thruster, and Lenco Trim Tabs provide stability and control. Comfort is enhanced with cockpit air conditioning (110V, 6KB), dockside shore power, a gasoline generator, microwave, galley with gas stove, and a 25L water heater, perfect for longer trips.

The exterior is equally well-equipped with an anchoring/mooring kit, cockpit sun awning, and Simrad upgrades.
