Description

EN
Project boat - 2004 Bombard SB 530, powered by a Honda BF75 outboard. The engine starts and runs fine however we believe a new steering cable and throttle cables are required as the gears are stiff to shift into. The trim and tilt works fine and the engine pumps water as it should. Tubes overall in good condition and hold air. The boat was towed to us recently and we believe the trailer to be in road worthy condition, however as always the buyer should satisfy themselves of the condition. Including an Icom VHF radio and a Fusion audio system with speakers, ensuring you stay connected and entertained while out at sea. Contact Morgan Marine today to arrange an early viewing.
NB - being sold as a 'project' - it will require a level of refurbishment. Sold strictly as seen and sub-standard with faults unlisted.

Cabin: N/A

Cockpit: Console with windshield with handrail, steering wheel, forward cushioned seating and engine controls. Pilot and co-pilot bench seat with storage. Bow seat with anchor locker.

Electronics: Icom VHF radio. Fusion audio with speakers. Honda engine gauges (trim, fuel and RPM). Compass. Navigation light. Isolator switch.

Machinery: Honda 75hp outboard with power trim and tilt.

Trailer: Snipe 2 wheel roller trailer with jockey wheel, winch and hitch. NB - the road trailer may not be in serviceable road worthy condition. It is recommended the buyer should inspect and service accordingly prior to use on public roads.
