EN
Highfield Patrol 540 aluminium RIB with Honda BF80 XRTU outboard. This Highfield Patrol 540 package has been specially specified by us at Morgan Marine to suit the needs of commercial clubs, sailing clubs and rescue boat duties as required. With the Extra Deep Vee and the frugal Honda BF80 this makes for a brilliant rugged package built for the toughest environments, capable of still achieving 30 knots. The Highfield Patrol 540 with the aluminium hull offers many benefits over traditional GRP such as lower weight, no GRP chipping or cracking, additional rigidity and more. With a rating to carry 12 people the structural integrity and buoyancy this rib offers speaks for itself. We offer a special club / commercial discount on these packages.
