Descripción

EN
The Nimbus 405 Flybridge brings together spacious Scandinavian luxury and robust offshore capability, making it the ultimate family cruiser. Powered by twin Volvo Penta D6-380 shaft drive engines (760hp combined), this boat offers smooth, reliable performance with the benefit of shaft propulsion. With a generous flybridge, refined mahogany interior, and smart features throughout, the 405 Flybridge is designed for effortless extended cruising and stylish entertaining - both at sea and at anchor. Complete with prepare and antifoul, Navionics chart and 3 piece name set. This 2026 model Nimbus 405 Flybridge is on order with the factory but changes can still be made to the specification - call us to find out about our offers. Note - library photos may not reflect specification of boat.

Deck: This model features flexiteek decking with white caulking throughout, including the port sidedeck and flybridge, offering a timeless aesthetic with low-maintenance practicality. Blue outdoor cushions and matching sunpads on the foredeck ensure comfortable lounging, while a blue aft deck canopy provides shade and shelter in all weather. The mooring package includes quality storm white/grey lines, four fenders with Nimbus-branded covers, and a spare anchor bag. A convertible aft deck table doubles as a sunbed, while a transom shower with hot and cold water adds convenience after a swim. Flybridge with second helm position and canopy.

Cabin: The interior is finished in warm mahogany with blue inside cushions for a classic, homely feel. The front cabin benefits from an exclusive coil mattress for premium sleeping comfort. The aft cabin also has a double berth and there is a further bed arrangements in the saloon. Toilet and shower room on port side. Additional toilet on starboard side - both electric flush.

Cockpit: Navigation is handled by a pair of Simrad 12” NSS EVO 4 plotters - one at the main helm and one on the flybridge - supported by the Simrad autopilot system with OP12 control, rudder feedback, and hydraulic pump for smooth, precise handling - with control from flybridge. Additional features include a Simrad RS40 VHF with AIS receiver and wireless handset, Volvo Penta trip computer and depth/log, and Easy Connect integration. A search light with joystick control and bow lights further support visibility and safety on the water. Wheelhouse with aft door and starboard side door to side deck and great all round visibility and plenty of light. Port side reversible seat for co-pilot or forming C-shape saloon seating. Starboard side galley with electric oven / microwave and gas cooktop. LED lighting throughout, sunblinds in the coupe roof, and thoughtful storage touches ensure comfort during extended stays. A full Nimbus dinner set for six is included, making mealtimes onboard feel truly refined. Isotherm CR36 box-type 36L fridge under aft sofa in deck saloon.

Electronics: The electrical system features a Chargemaster 12/50A shore power setup, complete with battery charger, as well as full LED lighting across the vessel. Entertainment is delivered via a high-performance Fusion MS-RA70N audio system with DAB+ module, connected to multiple speakers across the cabin and aft deck. The Nimbus Connect system allows smart remote monitoring of key systems, ensuring control wherever you are.

Machinery: Twin Volvo Penta D6-380 shaft drive engines provide 760hp of reliable power for long-distance cruising. Manoeuvrability is enhanced by both bow and stern Quick BTQ185-105 thrusters. The Quick DP2P-1000 bow windlass with 21kg anchor and 40m of chain offers secure anchoring, operated via wired remote. A black water overboard discharge system adds practicality for longer trips. The Eberspächer D6 diesel heater and defroster, along with an Isotemp SPA 40L hot water system, keep the boat comfortable in cooler months. The Humphree Interceptor X-600 comfort package delivers automatic trim, pitch control, and list correction, creating a stable and efficient ride. Fuel capacity: 2x 500L. Water capacity: 2x 200L. CE Category B8 / C12.
